# Modifications of ROADEF 2010 subject release 23/02/2010

Last updated 23/02/2010

## 2.4

List of software allowed updated.

## 3.3

Information on the order of magnitude of the problem modified.

## 3.4.3

Typo corrected :
The word "concave" deleted to make the document coherent with previous changes

## 3.4.4.2
### CT13

A new constraint CT13bis was added to force the scheduling of all outages that have a latest possible time defined (This change has been made to make the problem more difficult)
